Profile

Chimezie Nwagbo is a highly skilled and creative Software Developer with over 5 years of experience. Proficient in HTML, CSS, JavaScript, and React, delivering visually stunning and user-friendly web and mobile applications. With a track record of collaborating with diverse teams and building exceptional products, Chimezie's innovative thinking and problem-solving abilities make him an asset to any project.

Employment History

Frontend Developer, Crust Africa, Abuja

SEPTEMBER 2022 – PRESENT

- Served as the Lead Frontend Developer at Crust Africa, taking charge of the Greenbanker product. Responsible for implementing all UI designs and integrating APIs, showcasing strong technical expertise in HTML, CSS, JavaScript, and React.
- Oversaw a small team of developers, reviewing and merging their code to ensure consistency and high-quality standards. Successfully coordinated the collaborative efforts of the team, resulting in the timely delivery of a robust and visually appealing product.
- Demonstrated exceptional multitasking skills, effectively balancing the implementation of UI designs, API integration, and code reviews, while ensuring seamless communication and collaboration with cross-functional teams throughout the development process.

Digital Media Instructor, Magic Carpet Studios, Lagos

FEBRUARY 2020 – SEPTEMBER 2022

- Taught and mentored over 50 individuals, focusing on animation and providing valuable insights into coding and software development.
- Led groups of instructors in coordinating and executing teaching campaigns and government-sponsored initiatives, with a strong emphasis on teaching coding and software development skills.
- Successfully fostered a dynamic learning environment, equipping students with practical coding knowledge and empowering them to pursue careers in software development, showcasing my ability to effectively communicate complex concepts and mentor aspiring developers.

Web Developer, Imaginarium Global Limited, Lagos

MARCH 2018 – JUNE 2020

- Contributed regularly to the company's projects, leveraging frontend skills to contribute to the development of multiple products while working within diverse teams.
- Responsible for adding code snippets and implementing specific features, actively sought feedback from superiors, and fostering a continuous learning and growth mindset.
- Embraced a collaborative mindset, working effectively with teammates to ensure the successful delivery of projects while continuously learning and developing expertise in a supportive work environment.

Education

Bachelor of Engineering, Electronic Engineering, University of Nigeria, Nsukka, Enugu

JULY 2009 – AUGUST 2014
